Howard MI-SION .- In the whole range of benevolent enterprises, we know of no one that favor and support, than the Howard Mission, whose work is to gather up the children of want and destitution, feed, cleanse, nourish and instruct them, and then scatter them throughout the length and breadth of our land, into worthy families, to be reared in virtue and usefulness. The Rev. Mr. Foote, an agent of this institution, spent the last Sabbath in this place, laying the claims of the enterprise before the benevolent and Christian people of Ashtabula. He occupied the Presbyterian Church in the morning, the Congregational in the afternoon, telling his tales of sorrow and sympathy to the children of the several Subbath Schools, and their parents and friends, bedewing many a cheek with generous moisture at the recital. In the evening was a general gathering at the Methodist Church. The audience was large, and the same deep feeling of hearty approval of the enterprise was manifested -Liberal collections were taken up at each Church. One individual at the afternoon service contributed fifty-two dollars for the support of one little homeless wanderer and orphan year. Besides these contributions, provision was made for 3 of these children of misfortune who came with Mr. F. from the home for the friendless, all that remained of the little company with which he started. The benevolent and humane will renember Mr. Foote and his mission, and their sympathies, and their contributions too, we doubt not, will find a free and gracious channel for their future flow.
